

Helping students become global citizens & practicing global stewardship learning is an important goal of our new curriculum.

## Simbi promotes Global Citizenship in your classroom!

### Our **Simbiotic** Approach

Mark is a grade 4 student from Canada. He reads along and reads aloud on Simbi to improve his reading fluency and support global literacy.

Avir is a grade 9 student from Uganda. He reads along to Mark's narration on Simbi and improves his literacy, the #1 predictor of academic success.

### Simbi also provides teachers with...

- Reading competency assessments to help benchmark your students
- Dashboards to help you organize your reading groups
- Audio playback features so you can listen to your students read & track their progress on your own time
- Independent Reading Journey for your students to practice "read along" and "read aloud" skills
- Informative "pop-up" videos by literacy expert Adrienne Gear, designed to help your students improve fluency and comprehension skills
- Lesson Ideas and book lists on Global Citizenship
